OVERVIEW

SANFRANCO GLOBAL SERVICES COMPANY LIMITED is a leading indigenous Nigerian oil and gas company that specialises in providing a comprehensive range of high-quality services to the oil and gas industry. With our corporate affairs commission registration on the 14th of June, 2023, we have rapidly emerged as a trusted and reliable partner in the energy sector, delivering excellence through our expertise, advanced technology, and commitment to client satisfaction.

OUR MISSION

At SANFRANCO GLOBAL SERVICES COMPANY LIMITED, our mission is to be the preferred partner for oil and gas companies seeking reliable and innovative solutions. We aim to contribute significantly to the growth and development of the energy sector in Nigeria and beyond, while adhering to the highest standards of safety, quality, and environmental responsibility.

OUR VISION

Our vision is to become a globally recognized oil and gas service provider, renowned for our excellence, integrity, and customer-centric approach. We aspire to play a vital role in advancing the energy industry's capabilities and make substantial contributions to the socio-economic development of Nigeria.

OUR SERVICES

Quality Assurance and Quality Control (QAQC)

At SANFRANCO, we prioritise the highest standards of quality throughout all phases of oil and gas projects. Our QAQC services ensure that each step, from design and procurement to construction and commissioning, meets industry regulations and client specifications.

Non-Destructive Testing (NDT)

Our NDT services employ cutting-edge inspection techniques to assess the integrity of critical assets such as pipelines, vessels, and structures without causing any damage. This allows us to identify flaws, defects, or weaknesses, ensuring the safety and reliability of the infrastructure.

Fabrication Services

SANFRANCO offers top-notch fabrication solutions for the oil and gas sector. Our state-of-the-art fabrication facilities and skilled workforce enable us to deliver custom-built equipment, components, and structures that meet the most demanding project requirements.

Equipment Hiring

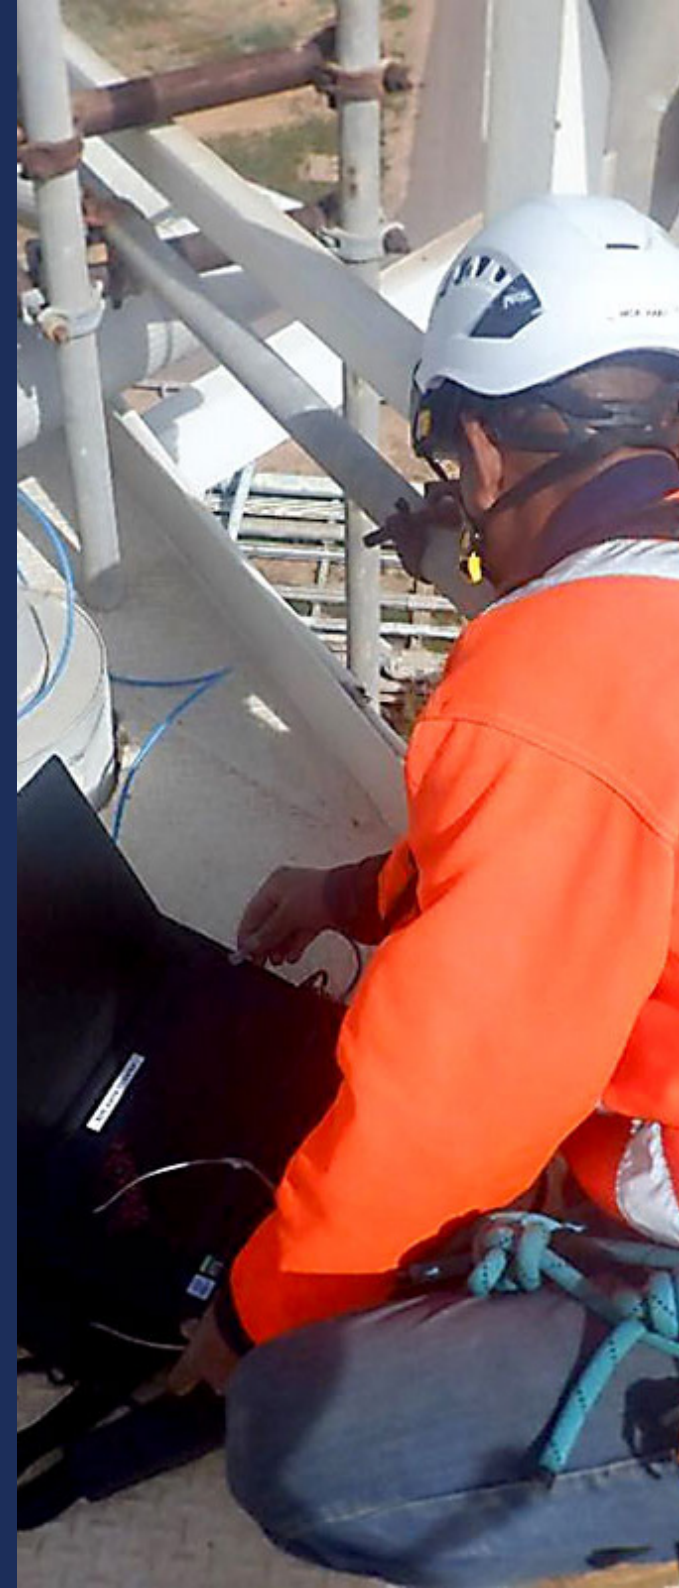

We provide a wide array of high-quality equipment on a rental basis to support various oil and gas operations. Our extensive inventory includes machinery, tools, and instruments required for exploration, drilling, production, and construction activities.

Sand Blasting

Our sand blasting services are geared towards surface preparation and cleaning of oil and gas facilities. With an emphasis on safety and environmental protection, we deploy advanced sandblasting techniques to remove impurities, coatings, and corrosion, ensuring a pristine surface for further processes.

Manpower Support

Recognizing the significance of skilled personnel in the industry, SANFRANCO offers specialised manpower support to oil and gas companies. We have a team of experienced professionals, including engineers, technicians, and project managers, available for both short-term assignments and long-term projects.

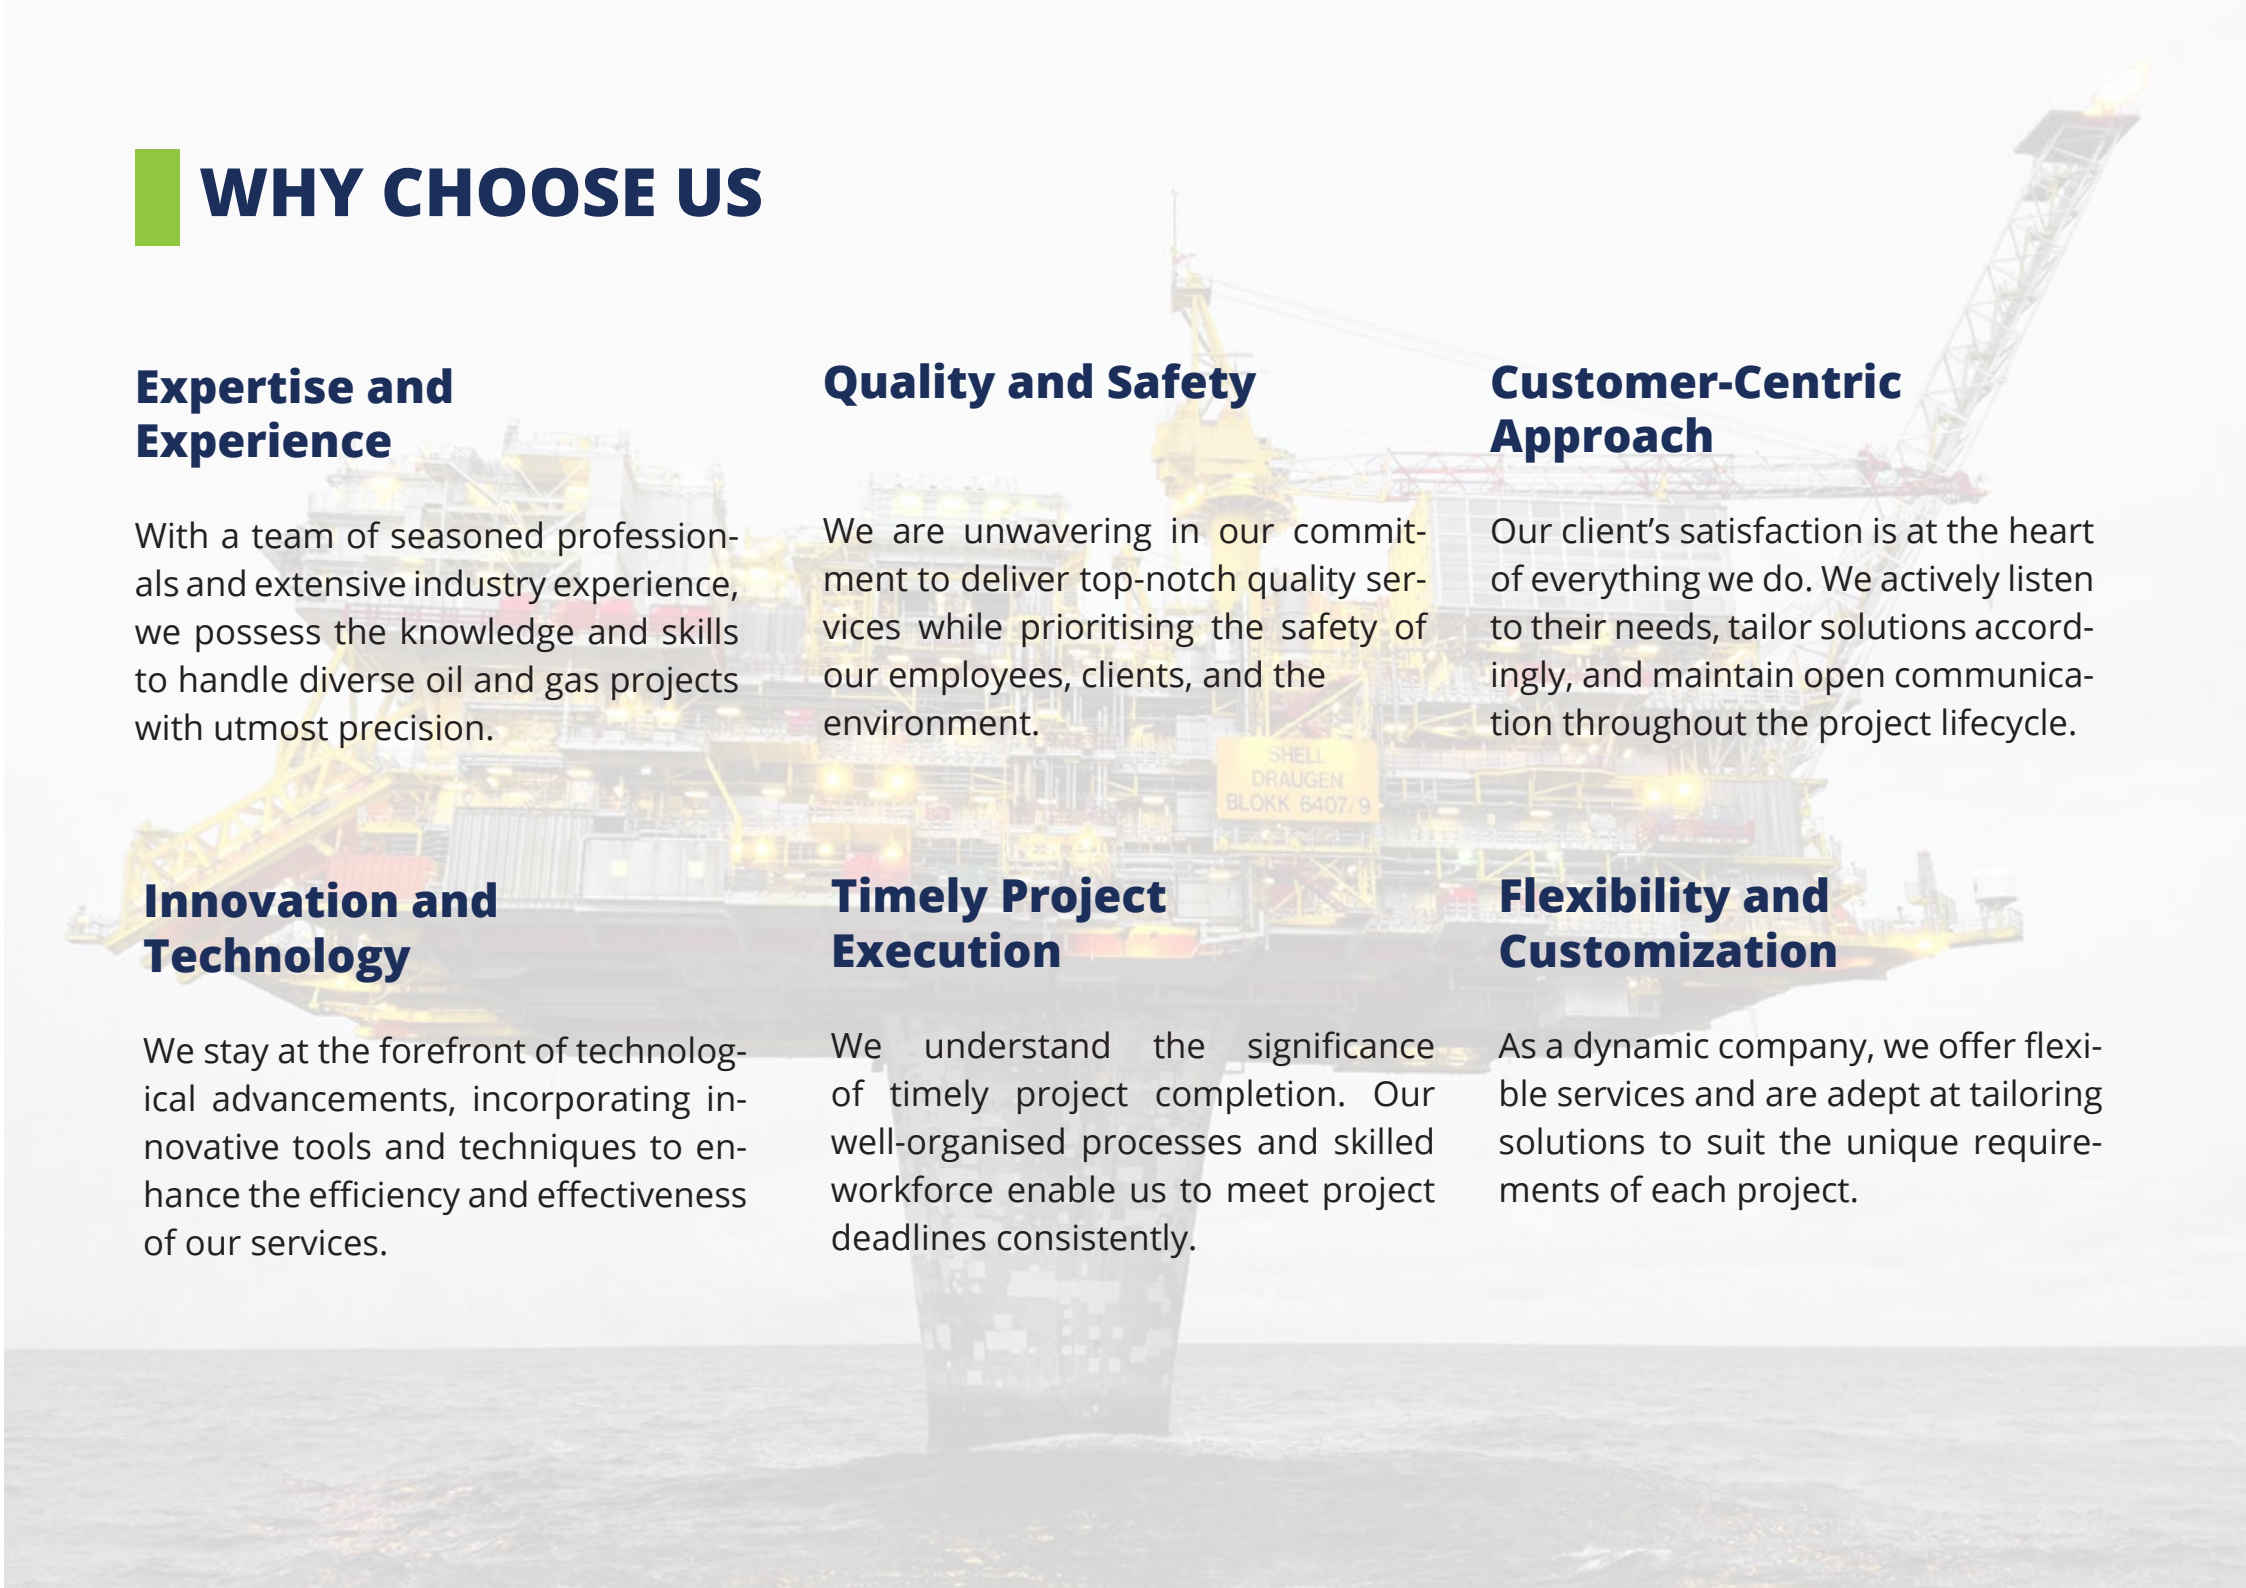

Marine Support Services

SANFRANCO provides comprehensive marine support services to facilitate offshore operations. This includes vessel chartering, logistics support, offshore crew transfer, and marine equipment rental, ensuring seamless and efficient project execution.

OUR TEAM

SANFRANCO GLOBAL SERVICES COMPANY LIMITED takes pride in its highly skilled and dedicated team. Our workforce comprises experienced engineers, certified technicians, competent fabricators, and seasoned project managers, all of whom bring their expertise and passion to every project. We foster a culture of continuous learning and professional development, ensuring that our team stays updated with the latest industry advancements, best practices, and safety protocols. Collaborative teamwork and a customer-centric approach are at the core of our operations, enabling us to deliver exceptional services to our clients.

WHY CHOOSE US

Expertise and Experience

With a team of seasoned professionals and extensive industry experience, we possess the knowledge and skills to handle diverse oil and gas projects with utmost precision.

Innovation and Technology

We stay at the forefront of technological advancements, incorporating innovative tools and techniques to enhance the efficiency and effectiveness of our services.

Quality and Safety

We are unwavering in our commitment to deliver top-notch quality services while prioritising the safety of our employees, clients, and the environment.

Timely Project Execution

We understand the significance of timely project completion. Our well-organised processes and skilled workforce enable us to meet project deadlines consistently.

Customer-Centric Approach

Our client's satisfaction is at the heart of everything we do. We actively listen to their needs, tailor solutions accordingly, and maintain open communication throughout the project lifecycle.

Flexibility and Customization

As a dynamic company, we offer flexible services and are adept at tailoring solutions to suit the unique requirements of each project.

Comprehensive Service Range

From QA QC to NDT, fabrication, equipment hiring, and more, we provide an extensive range of services, making us a one-stop solution for various oil and gas needs.

Local Expertise, Global Standards

Being an indigenous Nigerian company, we possess an in-depth understanding of the local industry while adhering to global quality and safety standards.

Cost-Effective Solutions

We strive to deliver cost-effective services without compromising on quality, ensuring value for our clients' investments.

At SANFRANCO GLOBAL SERVICES COMPANY LIMITED, we are driven by excellence and committed to making a positive impact on the oil and gas industry. Our robust team, unwavering focus on quality, safety, and customer satisfaction, along with our adaptability and innovative approach, make us the ideal partner for all your oil and gas projects. Choose us, and together, we will achieve success and growth in the energy sector.

QUALITY POLICY

At SANFRANCO GLOBAL SERVICES COMPANY LIMITED, we are committed to delivering services that consistently meet or exceed the expectations of our clients. Our Quality Policy is grounded in the following principles:

- Adhering to industry standards, regulations, and best practices in all our services.
- Maintaining a robust Quality Management System that fosters continuous improvement.
- Providing our team with adequate resources, training, and support to ensure the highest levels of competence and expertise.
- Regularly evaluating and enhancing our processes to optimise efficiency and effectiveness.
- Engaging in open communication with our clients to understand their needs and expectations, enabling us to deliver tailored solutions.

QUALITY POLICY

- Achieve a customer satisfaction rating of 90% or above in feedback surveys.
- Maintain an on-time project completion rate of at least 95%.
- Continuously improve our services through regular performance evaluations and feedback mechanisms.
- Minimise service-related complaints and rework instances to less than 1% of total projects.
- Ensure that all employees adhere to the Quality Management System guidelines and actively participate in quality enhancement efforts.

HSE POLICY

At SANFRANCO GLOBAL SERVICES COMPANY LIMITED, we prioritize the health, safety, and well-being of our employees, clients, and the environment. Our HSE Policy underscores the following key principles:

- Strict adherence to health and safety regulations to prevent accidents, injuries, and occupational hazards.
- Integration of environmental sustainability practices into our services, with a commitment to minimising our carbon footprint and promoting eco-friendly operations.
- Training and empowering our employees to prioritise safety in all aspects of their work.
- Regularly auditing and evaluating our HSE performance to identify areas for improvement.
- Emphasising emergency preparedness and response planning to ensure a swift and efficient response in any critical situation.
